

Resolution No. 11

GA-2022-90-RES-11

Subject: New Statutory Contributions Scale for the period 2023-2025

The ICPO-INTERPOL General Assembly, meeting in New Delhi, India, from 18 to 21 October 2022 at its 90th session:

HAVING EXAMINED Report GA-2022-90-REP-05 entitled “New Statutory Contributions Scale (starting from 2023)”,

TAKING NOTE OF the recommendations formulated by the previous Working Group for the development of a new scale of statutory contributions,

RECOGNIZING that the economic situation of INTERPOL member countries has evolved considerably since the adoption, by Resolution GA-2018-87-RES-14, of the system of statutory contributions in force since 2019, and recognizing the need for recalibration of the statutory contributions scale to better distinguish contributions from more and less prosperous member countries on the INTERPOL scale, and thus improve the balance of contributions within the Membership,

DECIDES that from the year 2023, a new system of contributions will be applied;

DECIDES that the minimum contribution is an absolute amount, equivalent in euro terms of 0.032% of the statutory contribution call applied to each member country;

DECIDES that after application of the new minimum, the remaining statutory contributions will be divided on the basis of the *direct* application of the UN scale adjusted on a pro-rated basis for the slight differences in membership.
