

Bosnia and Herzegovina

Bosnia and Herzegovina has, above all, directed its efforts towards the establishment of the appropriate legal framework that shall enable the efficient fight against all kinds of terrorisms, including the one that involves possibility of the use of weapons of mass destruction.

Non State actors

Bosnia and Herzegovina has never provided any form of support *to* non-state actors that intend to develop, acquire, manufacture, possess, transport, transfer or use nuclear, chemical or biological weapons and their means of delivery.
