**Fax:** + 32 (0)23468029

**Web site:** <http://www.semlex.com>

Semlex Group, since 1992, has a long experience in Multi-Biometric Identification Technologies (iris print, face recognition and fingerprints). Semlex is today active on three continents.

Our Solutions are addressed mainly to Public Authorities in providing Biometric Civil Registries, ID Cards, e-Passports, Visas, Border Control, Driving Licenses and Electronic Voter Registration systems.

All our documents are following the ICAO recommendations and standards.

Requesting Semlex assures you a reliable and efficient partnership to implement and manage a project from the right beginning to the production of the Biometric Documents. Semlex follows you all along to guarantee the efficiency of the system.

Practical financial solutions are proposed. We currently Build, Operate and Transfer (BOT) "Turnkey Systems" in many countries.
