SCOPE OF APPLICATION OF THE PROCEDURES

- (2) When the amount of the transaction is between 150,000 euros and 300,000 euros, either the open call for tenders' procedure or the limited competition procedure may be applied.
- (3) Specific exceptions to paragraphs (1) and (2) above may be laid down in implementing Rules.

Rule 5.4.1: Application of the limited competition procedure

- (1) In application of Regulation 5.4(2), the open call for tenders or limited competition procedures may be applied when the amount of the transaction is between EUR 150,000 and EUR 300,000.
- (2) Notwithstanding Regulation 5.4(1), when owing to considerations of fact or law, only certain suppliers are able to execute the contract and their identities are known to the Secretary General, the latter may apply the limited competition procedure, after consulting the Procurement Committee.

Rule 5.4.2: Application of the direct negotiation procedure

- (1) When the amount of the transaction is equal to, or does not exceed 150,000 euros, the Secretary General may engage in direct negotiations.
- (2) In application of Regulation 5.4(3), the direct negotiation procedure may be applied in cases where:

 - (f) a new contract is to be signed for the same object with a contractor who has been chosen after an open call for tenders within the previous 12 months.

- (g) a contract cannot be technically or economically separated from the initial contract without great inconvenience to the Organization or, although separable from the execution of the initial contract, is strictly necessary to its later stages:
 - (i) provided the amount of the transaction does not exceed 25 per cent of the initial amount, regardless of the procurement procedure followed for the award of the initial contract; and
 - (ii) this exception is not applied more than three times.
 - (h) the price of the goods or services is the same, whoever the supplier may be;

- (3) Once the deadline referred to in paragraph (2) above has expired, the Procurement Committee, appointed by the Secretary General, shall open the offers and verify that they were received within the time limit.
- (4) The offers shall then be analysed by the requesting department together with the procurement unit and a report on the analysis and its findings produced and submitted to the Procurement Committee.
- (5) The Secretary General shall choose the offer that is economically and technically the most advantageous for the Organization, taking into account, inter alia, the price, operating costs, technical qualities, the professional and financial guarantees offered by each candidate, the availability of goods and/or services, the length of time proposed for executing the contract, and the Organization's security requirements. If it is in the interests of the Organization, the Secretary General may select an offer including variants not covered in the document referred to in paragraph (1) above.
- (6) The Secretary General may decide not to select any of the offers submitted in response to a call for tenders if none of the offers appears acceptable to him. In this case, he may, after giving reasons in writing for rejecting the offers, and after consulting the Procurement Committee, publish another open call for tenders, issue a request for offers under limited competition, or engage in direct negotiations with potential suppliers.

Rule 5.4.5: Limited competition procedure

- (1) The Secretary General shall prepare:
 - (a) a request for offers on the goods or services required by the Organization;

- (2) The Secretary General shall send copies of the request for offers to the listed suppliers and inform them of the date by which offers are to be submitted.

- (3) The open call for tenders procedure shall then be followed, mutatis mutandis.
- (4) If the offers submitted in response to a limited competition procedure are such that the real value of the goods or services concerned would have warranted the publishing of an open call for tenders, the procedure shall be cancelled and an open call for tenders published.

Rule 5.4.6: Direct negotiation procedure

- (1) Direct negotiations are conducted by the Secretary General, who shall hold any discussions and make any comparisons that appear appropriate, in the light of the Organization's requirements and interests.
