

OPEN CALL FOR TENDERS - NOTICE

1 SUBJECT OF THE CALL FOR TENDERS

INTERPOL, as a large data driven organization, requires a comprehensive and modern solution designed to address current shortfalls in the management, processing and analysis of related and unrelated data sources. The Organization has thus initiated a project to implement a progressive and scalable analytical platform for policing and intelligence data.

To reach this goal, the Organization is launching this call for tenders with a view to the conclusion and execution of a contract, the objective of which is the design, provision and maintenance of an INTERPOL Analytical Platform. The features of this Solution are further described in the Specifications.

2 PROCEDURE

1. The Specifications detailing the submission procedure, administrative specifications and technical specifications are available from INTERPOL e-tendering platform <https://procurement-icpo.omnikles.com>
2. Specifications will only be available in electronic format and in English language.
3. The Organization shall receive the bids no later than the 20 July 2018 at 20.00 (Paris time).
4. Administrative, legal and technical details can be obtained by posting a question on the e-tendering platform (see point 1).
5. A question and answer session will be organized on 15 June 2018, interested parties may register on the e-tendering platform (point 1).
