

## WANT TO INNOVATE? The INTERPOL IC can support you!

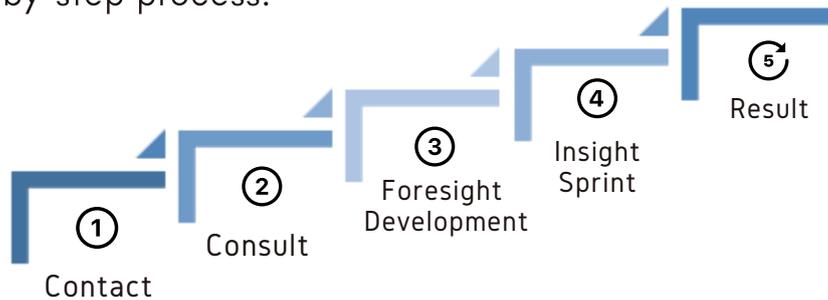

-  Innovation is increasingly becoming 'need to have' instead of 'nice to have'
-  IC aims to contribute to more agile, trusted and smarter policing
-  Innovation-as-a-service offers targeted support on innovation and foresight upon request

## OBJECTIVES:

- 1 Provide "hands on" solutions to empower better decision-making and processes
- 2 Identify concrete tools, practices & project proposals to be improved by innovation
- 3 Deliver targeted outputs to stretch requesting entities' established thinking

## PROCESS:

Take requesting entities through a step-by-step process:

## OUTCOMES:

- 1 Novel insights & out-of-the-box thinking
- 2 Global perspectives & new contacts
- 3 Final report with strategic value

### CASE STUDY #1 - INTERPOL DIRECTORATE

**Problem statement:** What does the future of digital learning look like?

- Scanning report identified 7 key new and emerging developments
- 1st INTERPOL Foresight Focus Session produced strategic recommendations
- Insights from futurists, subject matter experts, and law enforcement specialists

### CASE STUDY #2 - POLICE AGENCY

**Problem statement:** How to establish a foresight and innovation unit?

- Connected to expertise of law enforcement from around the world
- Organized session to share experiences and lessons learnt of other agencies
- Drafting guiding principles on setting up innovation and foresight
